Adjuster Continuing Education

NORTH AMERICAN TRAINING GROUP

NATG offers On-Line Adjuster Continuing Education & Compliance Courses on the topics of Insurance and Insurance Fraud. All of our courses have been developed by Insurance Professionals and Investigators.

NATG offers courses for individuals or entire companies. Our corporate annual accounts offer private, branded and secure on-line training sites, which can be integrated into your current web site, making it possible for employees to login to one site and fulfill all their Continuing Education Requirements. Administrative access allows for you to track employee progress and certificate of completions all in one location. If you have additional training material or courses, we can centralize all your training in one place, making it available to all employees remotely.

Our courses also qualify for State Anti Fraud Training requirements. North American Training Group is an internationally recognized provider of Insurance & Financial Fraud Training and Education. Contact us for further information or visit us on-line.
